1980

RESOLUTION NO. 1

BERNICE M. KIMBALL ----- JANUARY 5, 1981

WHEREAS, Bernice M. Kimball has given of herself unselfishly to her family and her community, and

WHEREAS, Bernice M. Kimball has always found time to raise three sons and be active in many community affairs, such as

Owner of Kay Tee Hosiery
Chairman, Franklin City Charter Revision Committee
Chairman, Franklin PTA
Active member of the United Methodist Church
Rebeccas
Chairman, Franklin School Building Committee
Chairman, Franklin Zoning Board of Adjustment

and,

WHEREAS, Bernice M. Kimball has always carried out her responsibilities fairly, is always willing to share her knowledge with others, and is dedicated to the concepts of good planning and zoning;

NOW THEREFORE BE IT RESOLVED, in recognition of all her accomplishments and contributions to so many, that Bernice M. Kimball be proclaimed by the Mayor with the consent of the City Council

FRANKLIN'S CITIZEN OF THE YEAR FOR 1980

AND BE IT FURTHER RESOLVED, that a copy of this Resolution be inscribed in the permanent city records and that her name and designation be affixed in the corner of the City Report for 1980.

Approved: _____
Stuart D. Trachy, Mayor

Passed: January 5, 1981

STATE OF THE CITY ADDRESS

JANUARY 5, 1981

MAYOR STUART D. TRACHY

Deacon Bill, Honored Guest, and Friends. Thank you for your attendance here tonight on such a cold evening to witness the swearing in of our newly elected or re-elected public officials. Tonight with new faces we embark on the continuing struggle of balancing the needs of the City of Franklin with the ability of the taxpayers to afford these services. As we briefly look back on 1980, we can feel fortunate that in the face of double-digit inflation, and the unprecedented rise in the cost of energy, we in the City of Franklin sustained only a 3% property tax increase. We will not be as fortunate in 1981. The City Council has committed itself to addressing the difficult issues relative to the City's financial position to make Franklin more attractive to lending institutions. The City Council must be as meticulous with the 1981 budget as it was in 1980 and I am sure it will be. The proposed budget, which is 28% higher, is unacceptable, and will have to be trimmed by at least \$200,000. Where that will come from will require much diligence on the part of the City Council, application of new ideas, and better uses of our resources.

1981 will see new faces in City Government, and among them will be a new City Manager in a few months. I would like to take this opportunity to thank Acting City Manager, Kathy Bateson, for a fine job she is doing, and to express my appreciation to the many city employees who have cooperated with her during these times.

1981 will see re-evaluation of the City's real property to 100% of current value.

1981 will see the construction of a \$5,000,000 Arwoods Foundry providing employment in the Industrial Park, a welcome sign in these difficult times.

1981 will see a completed Master Plan and aggressive continuation of the Downtown Revitalization effort.

1981 will see a well-planned road re-construction program and major water system improvements.

1981 will see the beginning efforts of the massive task of revising our City Charter and lastly but not all inclusively,

1981 will see the recommitment of my efforts to strive for the things I couldn't accomplish in 1980.

Thank you for your co-operation and prayers in 1980; I look forward to them in 1981.

Stuart D. Trachy, Mayor

To The Honorable Mayor
and City Council
City of Franklin
Franklin, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the City of Franklin, New Hampshire, as of and for the year ended December 31, 1980, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above, present fairly the financial position of the City of Franklin, New Hampshire at December 31, 1980, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the City of Franklin, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

July 1, 1981

FIRE DEPARTMENT ANNUAL REPORT

Calls responded to for 1980 totaled 851 verses the total calls for 1979 at 808. This reflects a 5 percent increase which is less than previous years. Fire Prevention Programs in a Community will, as a rule, increase the number of calls, but the severity of the calls will decrease. The trend has been turning this way for the past two years.

For example: The number of chimney fires has increased in the past two years, but the severity of the number of times the fire involved structural elements has decreased. This is a direct result of continued Fire Prevention by means of inspections and public education.

Improvements made during 1980 by the firefighters on duty were: designed and built battery charging systems for all first run apparatus; constructed air charging systems for apparatus with air brakes; completely rebuilt a 1951 Dodge Military 4x4 which consisted of all new wiring, instrument gauges, seats and a new paint job; body repairs and a complete new paint job on the fire alarm truck; refinished the kitchen cabinets, installed new counter tops and a new stainless steel sink. All of the supplies for the kitchen project were furnished by the Ladies Auxiliary. They designed and built an enclosure for sandblasting scott air bottles; constructed a new cabinet for storing medical supplies used on the ambulance; installed ceiling fans in the apparatus room with the intention of conserving energy.

Our training program became very active during 1980. It reached maturity this year, as not only basics were taught but a range that reached to advanced officer training. This latter part of the program is an important step in training not only active officers but our future officers as well.

Use was made of industry and business training programs that could add to our knowledge. Suburban Propane brought a gas delivery truck for our inspection. Mr. Sherman Lahaie Jr. of Penn General Insurance Company lectured on firefighter safety. Mr. Rene Lefebvre gave an excellent talk on industrial electrical hazards.

Mini-Training sessions were introduced this year. Each two hour drill is divided into as many as four one-half hour sessions, each devoted to a different subject. After one-half hour all men rotate to another class until all men have been to all four sessions. Instructors are utilized from within our own department. This format keeps all men actively engaged in training activities.

The following classes were held:

Magnesium Fires	Salvage
Foam	Working off Ladders
Cellar Nozzle	Knots
Life Net	Smoke Ejectors
2½" Lines and Adapters	Bayonette Nozzle
Removing Victims w/Aerial	4" Line with Relay Trucks
Ladder	

FIRE DEPT. CONT'D.

Drafting from Hydrants
Ladder Pipe Operations
Fire Prevention
Chlorine
Forestry Pumps
Strategy
Water Technology
Ventilation

Fire Streams
Rescue
Compressed Gases
Aerial Ladder Operations
Tactics
Maintenance
Hazardous Materials
Live Fires in Condemned Buildings

Tours were held for the purpose of pre-planning. Industries and businesses visited were:

Cummings Woodworking Shop
Senior Haven East
Eastman Falls Dam
Stevens Mill Complex
Webster Sub Station
Franklin Hospital

Sewage Plant
Robert's Market
Poly Clad
Flood Control Dam
Grandad's Toy Shop

Schools were attended by some members to further their education. These included:

Sprinklers
Arson Investigation
Truck Specifications

In addition, a 96 hour State Certified Firefighter course was held at Franklin which was well attended. Twenty-one of our fire-fighters were awarded certificates. Thus, the Franklin Fire Department became the first department in the State to have all of its full time men certified fire-fighters and Nationally Registered Emergency Medical Technicians. This is a distinction that the City of Franklin can well be proud of.

It should be noted that the firefighters certification was not a requirement for employment and that attendance at all of these training sessions was voluntary. This fact is a credit to the members who participated.

Thirty fire related films were used in the training program. These films are available from industry and we will continue to make good use of them.

The Rescue Vehicle, as you know it today, has certainly become an ambulance as well to the citizens of Franklin. Responses for 1980 totaled 369 which is a decrease of 8 calls from 1979 which totaled 377 responses. The Rescue Squad Personnel continue to donate many hours of their time providing ambulance coverage for the many functions conducted during the year.

FIRE DEPT CONT'D.

The emergency medical technician level of training continues to be maintained in the Department with hopes of advancing this level in future years. The Emergency Medical Services Field has become a division of the Fire Department, a division which I believe will remain here for many years to come.

All the Firefighters and Rescue Squad Personnel are to be commended for their loyal and dedicated service to the City of Franklin.

Respectfully,

Norman Beauchemin,
Fire Chief
City of Franklin

1980

REPORT OF FOREST FIRE WARDEN
AND
STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your business, our business, good business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

FRANKLIN PUBLIC LIBRARY
1980 ANNUAL REPORT

In a time of skyrocketing inflation the Public Library remains a super bargain for the public it serves. Without spending an additional cent the residents of Franklin may borrow the most current books, magazines, records, 8-track tapes and cassettes. Without spending an additional cent the resident can educate himself in an endless variety of subjects, preparing himself to deal with the responsibility of preserving and enriching himself in a democracy. Freedom of speech is a treasure guaranteed the citizens of our country and it is basic for a free people. But like the tadpole who loses his tail when he no longer uses it as a frog, so too the freedoms assured by our constitution may disappear if we do not use them.

The Franklin Public Library has a fulltime staff of four to provide the highest level of service possible. Using all of their talents and training, they serve the public through information retrieval, book selection, classroom visits, assistance to teachers and students, programs and displays. During the 1980 calendar year the State Library broadened the quantity of information available to local libraries and residents with on line computer searches of information from libraries across the country.

Trustees serving the Library during 1980 were Edward B. Briggs, chairman, Mary (Mrs. Donald) Piper, treasurer, Claire (Mrs. Donald) Cushing, Dorothy (Mrs. John) Benham, Helen (Mrs. John) Rego, and Priscilla Gilchrist.

The friends of the Library continued active support of the Library under the leadership of Jean (Mrs. David) Robins in 1980. In the summer the group raised money to support their projects with a summer book sale. With proceeds from this sale they purchased plastic record jackets for the children's record collection. For the second year they sponsored the Annual Christmas Tree Lighting Party, which included Christmas story telling and caroling.

LIBRARY CONT'D.

The Franklin Public Library encourages all the residents of Franklin to avail themselves to the wealth of information and enjoyment open to them at their Library. The Library is open:

Winter:	Monday	9:30 a.m. - 6:00 p.m.
	Tuesday - Friday	9:30 a.m. - 8:00 p.m.
	Saturday	9:30 a.m. - 4:00 p.m.
Summer:	Monday, Wednesday and Thursday	9:30 a.m. - 5:00 p.m.
	Tuesday and Friday	9:30 a.m. - 8:00 p.m.
	Saturday	9:30 a.m. - noon

ANNUAL REPORT OF THE
SUPERINTENDENT OF SCHOOLS

1980

To the Board of Education, the Mayor, the City Council and the citizens of Franklin. I respectfully submit my eighth annual report as your Superintendent of Schools. I have selected the following areas of significant activity and of specific interest to report on: curriculum improvements; the testing program; possible legal action to secure state support to education; negotiations; career education; computer education; accountability; special projects and grants; school enrollment comparisons; the report on registration and attendance; the district's policy on non-discrimination; the breakdown of salaries of the School Administrative Unit Eighteen administrators; the Franklin High School Class of 1980; scholarship and awards; and the 1981-82 school year calendar.

It is not possible to include all of the information that individuals or groups would like to have. We would be happy to meet with any interested citizen or group of interested persons to provide more detail about our city's school system-its programs and its resources.

CURRICULUM

Curriculum improvement in the Franklin Public Schools is an on-going process. The mathematics curriculum (K-6) has been completely revised along with the science program. Students progress in Mathematics is recorded each year on management cards.

A new program for gifted and talented students was developed in grade seven this year. Students with unique talents were identified and worked with according to guidelines established by the Board of Education. It is expected that during the 1981-82 school year the program will progress into grade eight.

Mrs. Judy Burlingame, a former science teacher, has been employed using grant monies to assist in the further development of the gifted and talented program. She works on a part-time basis with the students and teachers.

TESTING PROGRAM

During the spring of 1980 students in grades two through eight were administered a standardized test called the Diagnostic Skills Battery (DSB). The results were reported to the public at a regularly scheduled board meeting. Copies of the tests and results are available in the Office of the Superintendent of Schools for review. However, it can be stated that our students in Franklin do well on a standardized exam. They scored particularly well in reading and mathematics.

POSSIBLE LEGAL ACTION REGARDING STATE SUPPORT TO EDUCATION

There has been a great deal of concern in the state about the inequitable method of funding public schools in New Hampshire. New Hampshire - more than any other state - relies heavily on the local property tax to fund its schools. New Hampshire

ranks fiftieth in the United States in state support to education. Although the state's Foundation Aid Law was enacted many years ago to help equalize educational opportunities among the school districts in the state, the low level of funding provided by the legislature annually makes this aid program ineffective. By studying the successful legal challenges brought in other states which had similar inequalities in financing education, it has been decided there is good basis for a suit here in New Hampshire.

An initial survey indicates that there are at least twenty-five school districts representing approximately forty thousand students interested in supporting a legal challenge of this state's heavy reliance on unequal property tax bases as unconstitutional. It is expected that there will be more school districts joining the effort.

The City voted to authorize the Board of Education to participate in a suit against the State of New Hampshire to compel the state to provide funds to the school districts for the purpose of more nearly equalizing the educational opportunities for children in the state's school districts.

NEGOTIATIONS

The Franklin Board of Education and the Franklin Education Association ended several months of negotiations by ratifying a new three year agreement. The new agreement provides for a compensation package and an increase in our starting rate. The contract also provides for improved health and welfare benefits and contains several new language changes.

We are now in the process of negotiating an agreement between the school district and the custodial and maintenance staffs of the district's schools under the state law governing collective bargaining.

CAREER EDUCATION

Career education activities have also received special attention by the district. Many teachers have involved themselves in workshops designed to create an awareness of how to integrate career oriented activities into their lessons. Support for the workshops and the volumes of materials purchased this year came from a \$9,800.00 grant.

COMPUTERS

The district will be introducing micro-computers to the students over the next three years. With the assistance of federal monies, the School Administrative Unit Eighteen schools will become involved through classroom instruction with micro-computers. Approximately thirty thousand dollars will be received through Title IV-B funds to assist the schools in purchasing of micro-computers.

Classroom instruction will concern itself with the basics of computers as well as learning the languages. Emphasis will be placed on creative use of technology.

Report of the Superintendent of Schools - 1980

ACCOUNTABILITY

The district will be administering locally developed tests in Language Arts, Reading, Mathematics, U.S. History and Government, and the New Hampshire History and Government to all students in grades four, eight and eleven during the month of May. The results will be used to determine strengths and weaknesses in our curriculum. A management plan will be developed by the district which will detail what steps are to be taken to address the areas of weaknesses. Public notice will be made of the overall test results as well as the management plan.

SPECIAL PROJECTS AND GRANTS

The School Administrative Unit Eighteen staff and supervisors in the Franklin and Winnisquam Regional School Districts applied for and received over two hundred seventy thousand dollars in State and Federal monies for programs to benefit our students. Franklin is a participant in these projects and receives direct benefits. We have over seven projects now in operation in addition to the vocational education at Franklin High School.

Title I - \$93,927.00 - Remedial Reading Program for educationally disadvantaged youth in grades one through three.

Special Education - Tri-City - \$136,097.00 - Coordinator of Regional Services for Handicapped Special Needs Students. This project supports regional planning for special education and a program for emotionally handicapped high school students.

Title IV-B - \$11,325.00 - Grant for introducing computers in Franklin, Hill and Winnisquam Regional School Districts.

P.L. 94-142 - \$11,600.00 - Program to provide teacher aides for our Special Education Resource Rooms. This grant became effective September 1, 1980 and we are benefitting directly by having additional staff in a much needed area at no cost to the districts.

P.L. 94-142 - \$12,000.00 - to provide for an itinerant special education teacher for emotionally handicapped students.

Title IV-C - \$5,000.00 - to begin a program for talented students in the Franklin School District.

Vocational Education - \$9,800.00 - to develop a Career Education Program as a supplement to our instruction.

Specific details on these projects are available in the Office of the Superintendent and can be reviewed at your convenience.

SCHOOL ENROLLMENT COMPARISONS

The actual enrollments recorded on the following page are determined on September 20th of each year and are reported to the State Department of Education as Official Fall Enrollments of the school system.

Report of the Superintendent of Schools - 1980

SCHOOL ENROLLMENT COMPARISONS

Junior High 7 & 8	319	336	315	287	244	224	225
Senior High 9 - 12	664	642	654	662	579	556	500
Total District K-12	1786	1690	1679	1655	4191	1466	1423

Franklin has been experiencing an increase in enrollment in Kindergarten through Grade six, during the past two years. During the mid-1980's, it is expected that there will be significant growth in this area of the state due to the in-migration of people from the southern part of New Hampshire and from the other states based on population studies done on central New Hampshire and the Lakes Region.

OFFICIAL REPORT OF REGISTRATION AND ATTENDANCE REPORTED ANNUALLY AS REQUIRED BY LAW Report for School Year Ending June 30, 1980

1980 NOTICE OF NON DISCRIMINATION POLICY UNDER SECTION 504 OF THE REHABILITATION ACT OF 1973

Federal law prohibits discrimination on the basis of handicaps in education programs or activities receiving Federal financial assistance.

It is the policy of School Administrative Unit Eighteen (Franklin, Hill, Winnisquam Regional) not to discriminate on the basis of handicap in its education programs, activities or employment policies as required by Section 504 of the Rehabilitation Act of 1973. Inquiries regarding Section 504 may be directed to Paul Fillion, Office of the Superintendent of Schools, 119 Central Street, Franklin, New Hampshire, 03235, telephone 934-3108; or to the Director of the Regional Office of Civil Rights, Department of HEW, 140 Federal Street, Boston, Massachusetts, 02110.

Report of the Superintendent of Schools - 1980

Grievance procedures are available which provide for the prompt and equitable resolution of complaints alleging violations of Section 504. These may be obtained at the Office of the Superintendent of Schools, 119 Central Street, Franklin, New Hampshire, 03235.

ACKNOWLEDGEMENT OF ASSISTANCE

The administration wishes to express its thanks and appreciation to you - the Board of Education, City Council, taxpayers, parents, concerned citizens and the many organizations - for your support of the school system and the children in it. The staff of the School Administrative Unit Eighteen Office and the staff of the elementary, junior high and senior high schools are to be commended for their fine work and continued dedication to the education of the children in Franklin.

Respectfully submitted

Fokion Lafionatis
Superintendent of Schools
